Handwritten text in a cursive script, possibly a form or document. The text is written in a dark ink on a light background. The characters are highly stylized and difficult to decipher, but appear to be a mix of letters and numbers. The text is arranged in approximately 10 lines, with some lines starting with a dash or a tilde. The overall appearance is that of a handwritten note or a form filled out in a cursive hand.

Handwritten text in a cursive script, likely a form or document. The text is written in black ink on a light background. The characters are highly stylized and difficult to decipher, but appear to be a mix of letters and numbers. The text is arranged in approximately 10 lines, with some lines starting with a small symbol resembling a stylized 'd' or 'f'. The overall appearance is that of a handwritten form or document.

Handwritten text in a cursive script, possibly a form or document. The text is written in black ink on a white background. The characters are highly stylized and difficult to decipher, but appear to be a mix of letters and numbers. The text is arranged in approximately 10 lines, with some lines starting with a dash or a tilde symbol. The overall appearance is that of a handwritten note or a form filled out in a cursive hand.

Handwritten text in a cursive script, possibly a letter or a page from a manuscript. The text is written in a fluid, connected style with various flourishes and ligatures. The content is largely illegible due to the cursive nature of the handwriting, but some words and phrases are recognizable, such as "Heloise" and "et".

Handwritten text in a cursive script, possibly a form or document. The text is written in black ink on a white background. The characters are highly stylized and difficult to decipher, but appear to be a mix of letters and numbers. The text is arranged in approximately 10 lines, with some lines starting with a large, decorative flourish. The overall appearance is that of a handwritten note or a page from a ledger.

Handwritten text in a cursive script, possibly a letter or a page from a manuscript. The text is written in a fluid, connected style with various flourishes and ligatures. The characters are dark and the background is light. The text is arranged in approximately 12 horizontal lines, filling most of the page.

The first part of the paper
 is devoted to the study of the
 properties of the function $f(x)$,
 which is defined by the equation
 $f(x) = x^2 + 2x + 1$. It is shown
 that the function $f(x)$ is
 continuous and differentiable
 on the interval $(-\infty, \infty)$.

In the second part of the paper
 we consider the function $g(x)$,
 which is defined by the equation
 $g(x) = x^2 + 2x + 1$. It is shown
 that the function $g(x)$ is
 continuous and differentiable
 on the interval $(-\infty, \infty)$.
