London, June 1899.

I have the honor to acknowledge the receipt of your letter of the 15th inst. in relation to the matter of the proposed extension of the London and North Western Railway, and in reply to inform you that the same has been referred to the Board of Directors of the Company, and that they have decided to oppose the same. I am, however, sorry to hear that the proposed extension is still a possibility, and I trust that the Board of Directors will be able to find some other means of extending the line. I am, Sir, very respectfully,
 Yours truly,
 J. H. ...

My dear Mr. ...
 I have just received your letter of the 15th, and
 am glad to hear that you are well. I am
 well at present, and hope these few lines
 will find you the same. I have not much news
 to write at present, but I am sure you
 will be interested to hear that I am
 still in the same old place.
