1. The first part of the paper is devoted to a
 description of the various forms of the
 word "love" in the different languages of the
 world. It is found that the word is derived
 from the same root in all languages, and that
 the meaning of the word is the same in all
 languages. The second part of the paper is
 devoted to a description of the various forms
 of the word "love" in the different languages
 of the world. It is found that the word is
 derived from the same root in all languages,
 and that the meaning of the word is the same
 in all languages. The third part of the paper
 is devoted to a description of the various forms
 of the word "love" in the different languages
 of the world. It is found that the word is
 derived from the same root in all languages,
 and that the meaning of the word is the same

My dear Mr. Brewster,
 I have just received your letter of the 28th inst.
 regarding the matter of the
 Boarding House and the
 present condition of the
 property. I am sorry to hear
 that the property is in such
 a state of disrepair and
 that the tenants are causing
 so much trouble. I am
 sure that you will be
 able to get the property
 into a better state of
 repair and that the
 tenants will be more
 satisfied with the results.
